Kevin Pierard
 Bureau Chief
 Hazardous Waste Bureau
 New Mexico Environment Department
 2905 Rodeo Park Drive East, Building 1
 Santa Fe, NM 87505-6313

Subject: Submittal of the ECORISK Database, Release 4.2

Dear Mr. Pierard:

Enclosed are two copies of a CD containing the updates to the ECORISK database. Newport News Nuclear BWXT-Los Alamos, LLC (N3B) maintains and updates the database to ensure that the ecological screening levels (ESLs) used to assess potential ecological risk at Los Alamos National Laboratory (LANL) sites are representative and current. Please be aware that the database must be copied from the CD to a computer before it can be opened. Also, all files must be in the same directory for the links between documents to work. Reports submitted to the New Mexico Environment Department Hazardous Waste Bureau will use the ESLs presented in this release starting in November 2020.

You may also download the update from the Intellus New Mexico website at <https://www.intellusnm.com>. To download the database and user guides, go to the Documents section in the Intellus header bar, navigate to LANL Files >> Ecorisk Database, and download both .zip files in that directory.

If you or your staff have any questions, or have any issues associated with the database or download, please contact Patricia Wald-Hopkins at (505) 709-7796 (patricia.wald-hopkins@em-la.doe.gov) or Arturo Duran at (505) 257-7907 (arturo.duran@em.doe.gov).

Sincerely,

Kim Lebak,
Program Manager
Environmental Remediation Program
N3B-Los Alamos

Sincerely,

M Lee
Bishop
