Subject: Discharge Permit DP-1793 Permit Condition #9 Annual Monitoring Report and Permit Condition #8 Discharge Report for 2020

Dear Ms. Hunter:

This letter serves as the U.S. Department of Energy Environmental Management Los Alamos Field Office and Newport News Nuclear BWXT-Los Alamos, LLC (N3B) submittal of information required under Discharge Permit 1793 (DP-1793). DP-1793 Permit Condition #8 requires a discharge report to be submitted within 60 days of completing the discharge, and Permit Condition #9 requires an annual monitoring report to be submitted by March 1 of each year. There was no land application of treated water under DP-1793 during calendar year (CY) 2020. As such, there are no discharge or monitoring data to report under DP-1793 for CY 2020.

If you have any questions, please contact Christian Maupin at (505) 695-4281 (christian.maupin@em-la.doe.gov) or Cheryl Rodriguez at (505) 414-0450 (cheryl.rodriguez@em.doe.gov).

Sincerely,

Joseph Murdock
 Program Manager
 Environment, Safety and Health
 N3B-Los Alamos

Sincerely,

Arturo Q.
