RE: APPROVAL
EXTENSION OF TIME TO RESPOND TO ADMINISTRATIVELY INCOMPLETE DETERMINATION FOR
PART A AND GENERAL PART B OF THE RCRA PERMIT RENEWAL APPLICATION
LOS ALAMOS NATIONAL LABORATORY
EPA ID#NM0890010515
HWB-LANL-20-001

Dear Messrs. Weis and Lachman:

On May 19, 2021, the New Mexico Environment Department (NMED) received *Request for Extension of Time to Respond to Administratively Incomplete Determination for Part A and General Part B of the Resource Conservation and Recovery Act (RCRA) Permit Renewal Application* that was submitted by the United States Department of Energy (DOE), Newport Nuclear-BWXT (N3B), and Triad National Security, LLC. (Triad), collectively, the Permittees.

The Permittees are requesting the extension of 60-days to respond to NMED's Administratively Incomplete Determination that is due on May 23, 2021. The Permittees are requesting additional time to compile information to be able to provide a complete response to the comments. NMED finds the justification acceptable and hereby grants the Permittees an additional 60-days to respond to comments and submit a Response to the Notice of Administrative Incomplete Determination. By this Approval, NMED has extended the submittal date to July 22, 2021.

If you have any questions regarding this letter, please contact Neelam Dhawan of my staff at (505) 690-5469.

Sincerely,

**Kevin
