Re: Approval

Interim Facility-Wide Groundwater Monitoring Plan for the 2023 Monitoring Year, October 2022 – September 2023
Los Alamos National Laboratory
EPA ID#NM0890010515
HWB-LANL-22-051

Dear Mr. Duran,

The New Mexico Environment Department (NMED) has received the United States Department of Energy (DOE) *Interim Facility-Wide Groundwater Monitoring Plan for the 2023 Monitoring Year, September 2022 – October 2023* (Plan) dated and received on June 15, 2022 and referenced as EM2022-0151. NMED delivered informal comments to DOE On August 31, 2022, and DOE sent responses to NMED's comments on September 8, 2022. NMED requested additional PFAS sampling on September 14, 2022. DOE submitted the revised Plan on September 29, 2022.

NMED has reviewed and approves the revised Plan and DOE's responses to comments.

If you have any questions regarding this letter, please contact Michael Petersen (505) 690-5107.

Sincerely,

Rick Shean
