Christian,

The request for extension to respond to the NOV with Proposed Penalties is approved.

Please see attached Penalty Worksheet.

Aaron – As discussed yesterday, EM-LA and N3B are in receipt of the Notice of Violation with Proposed Penalties dated February 13, 2024 (NOV). However, as N3B was not included on the distribution of this document, and a coordinated

response is required, we request a 14-day extension in responding to the requests made in the NOV. If agreeable, the requested response will be provided to NMED by 03/28/2024.

We also request that NMED provide the penalty calculation worksheet associated with each of the specific NOV's cited in the NOV.

Thank You
