

Hybrid Public Meeting

Individual Permit for Storm Water

Cities of Gold Hotel, Tribal Room, Santa Fe, NM
& Virtual via MS Teams

—◆—
Wednesday, March 5, 2025

2:00 - 4:00 p.m. MST

The Individual Permit for Storm Water at Los Alamos National Laboratory (LANL) regulates the monitoring of storm water runoff from sites associated with legacy LANL operations.

N3B staff will provide a review of the 2024 storm water monitoring season, overview of advanced control structures and a look ahead at the 2025 monitoring season.
